PATENT SKELETON PEN.

Quill Holders, with Metallic Points. In boxes of 2 dozen Pens, with Holder to each Box (12 Boxes on Card) ... 48/- per Gross Boxes

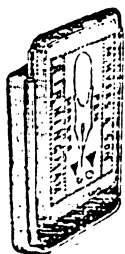

Extract from "ILLUSTRATED LONDON NEWS."

"Improved Steel Pens.—One of the most general objections to the use of Steel Pens is their extreme fragility, a defect which has been effectually prevented in the 'Skeleton' or Metallic Points for Quill Pens, patented by M. Myers & Son, in which the ease and comfort of the Quill is combined with the durability of the Steel Pen."

THE NEW REGISTERED READING GLASSES

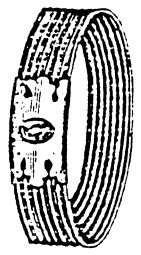

These Reading Glasses are made upon an entirely new and improved principle, the metal rim which holds the lens, being made of solid tube, there is no danger of any part coming un-soldered; they are also much stronger, and have a better appearance than the old kind.

A NEW ROUND GAME

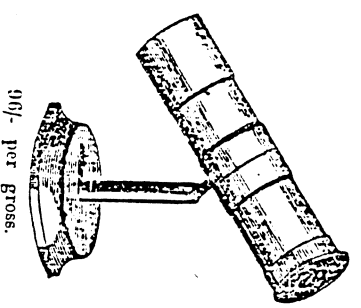

MONACO, OR PARLOUR LOTTERY

This novel and interesting Game is an endless source of amusement to old and young. It is, without doubt, the most perfect Round Game ever invented, and will we feel convinced, be a constant fund of enjoyment through the long Winter evenings; the excitement never flagging for a moment, and as any number of persons can conveniently play at the same time, the Monaco or Parlour Lottery cannot fail to be universally appreciated. We present a sheet of instructions for the Game with each Monaco.
